Art Unit: 1745

Claim 43 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 43 contains the trademark/trade name Nafion. Where a trademark or trade name is used in a claim as a limitation to identify or describe a particular material or product, the claim does not comply with the requirements of 35 U.S.C. 112, second paragraph. See *Ex parte Simpson*, 218 USPQ 1020 (Bd. App. 1982). The claim scope is uncertain since the trademark or trade name cannot be used properly to identify any particular material or product. A trademark or trade name is used to identify a source of goods, and not the goods themselves. Thus, a trademark or trade name does not identify or describe the goods associated with the trademark or trade name. In the present case, the trademark/trade name is used to identify/describe a polymer and, accordingly, the identification/description is indefinite.

Claims 1-8, 10, 14, 18, 22-29, 31, 34, 40, 45 and 48 are allowed. Claims 1-8, 22-29, 45 and 48 are allowed for reasons stated in the previous Office Action, paper no. 20060811, page 5. Claims 10, 14, 18, 31, 34 and 40 are allowed for reasons stated in paper no. 20060811, pages 4 and 5, these claims no longer being dependent on rejected claims.

Applicant's arguments with respect to claim 43 have been considered but are moot in view of the new ground(s) of rejection. Because this rejection could have been made on original claim 38, this action is non-final.
